

CHRISTENSEN'S PLANT CENTER

Wholesale Supplier To Landscape Professionals

MNLA Autumn Expo

If you have visited us lately, you may have noticed some areas being cleared out. We are preparing to host the Michigan Nursery and Landscape Association Autumn Expo on September 20, 2012. Don't worry; we are watching our inventory levels closely and will be sure that we keep fully stocked for your projects needs.

The Autumn Expo is a one day outdoor event put on by the MNLA annually and is held at different locations every year; this year it is our turn.

There will be a trade show with about 75 vendors offering all types of products for your business; plants, pavers, insurance, equipment, software, and more. There are educational seminars for landscape contractors, landscape management, and retail segments. Lunch is included in your admission and there will be equipment demonstrations and guided tours of our facilities.

For registration and other information please visit:
[**www.mnla.org/node/966**](http://www.mnla.org/node/966)

Please remember that both the Plant Center and the Hardscape Center will be closed the day of the show so plan accordingly.

Rushton Farms will be open for your project needs. Also, please be patient on September 19 while the vendors set up their displays and we make final preparations for the event.

Register now and mark September 20 on your calendar!
